

Video that meets the needs of your Surgeons, Facility & Budget.

Introducing Trinity™, our NEW All-In-One HD Video Platform with Integrated Image Capture and available Tablet Access.

Whether it's an outpatient or inpatient setting to multi-specialty, CONMED has a high-quality video solution to meet your needs. For space-saving performance, the NEW Trinity™ System combines the camera controller, light source and image capture into one compact console with features like 3-chip CMOS sensors, wireless connectivity, and available remote tablet access.

Multi-Specialty? CONMED's IM8000 & LS8000 True HD Camera System with Direct LED Light Source features 3-Chip CMOS Sensors, Sony 4K 32" Monitors, PACS-EMR Ready Image Capture, MedXStream iPad App Integration and Autoclavable Camera Heads for Orthopedics, Laparoscopy, OB/GYN and Urology.
