Att: CEO Medhold
Medhold Africa Projects

Tribute letter to Sr Gloria Gunning

When I first became involved in developing a day clinic, my aim was to build a centre of excellence that caters to world-class, cost-effective surgical procedures.

Turning this concept into reality required a large team of individuals who were focused on the same goals.

We meet fortuitously, but once she arrived on the project, she and her team from Medhold Africa projects have been an integral part of our commissioning team.

Gloria's knowledge, passion, patience and relaxed demeanour make her an unrivalled partner in the commissioning of a new healthcare facility.

She leads a phenomenal Medhold Africa Projects team, which couldn't succeed without the vision and leadership of the Medhold executive and board.

On behalf of all the stakeholders in the Melrose Surgical Centre project, I want to thank Gloria for all she has done, officially and unofficially for this project. I would like to wish her a well-deserved rest when she finally decides to retire.

Gloria Gunning and Medhold Africa Projects will always be a significant part of Melrose Surgical centre and part of our vision of medical excellence.

Yours sincerely

Dr Brad Gelbart
Director
